From the Vine featuring Caudalie

Caudalie was founded in Bordeaux, France in the heart of the vineyards of Chateau Smith Haut Lafitte. Signature Services

Divine Indulgence Massage

The Divine Body Treatment is a complete sensory experience. Guests are transported with a Caudalie massage using the Divine Oil, featuring four plant-based oil and a scent reminiscent of the French Riviera. This relaxing and therapeutic massage begins at the legs and slowly works this divine formula across the body, upwards toward the heart, thus increasing blood flow and circulation through the body. Skin is left smoothed, moisturized and wrapped in a delicate fragrance.

Quintessential Cabernet Massage

This body massage features a crushed cabernet scrub developed in Bordeaux, France. The grape-rich scrub is blended with exfoliating grape-seeds, rich honey, and softening brown sugar to stimulate circulation and enhance skin's radiance. A sculpting massage with contouring essential oils enlivens the body leaving skin toned and perfectly smooth.

Grand Cru Anti-Aging Facial

Le crème de la crème of facial treatments, this luxurious and results-driven facial is the perfect combination of refinement and effectiveness. A decadent scrub prepares skin for the benefits of an enjoyably long aromatherapy massage. A warm thermal lifting mask precedes the application of our best anti-aging cream, Premier Cru, the quintessence of the best of Caudalie's 3 patented natural active ingredients. Wrinkles and fine lines are visibly smoothed and diminished; contours are lifted leaving skin radiant with youth and vitality.

Dulce Delight

This sweet body retreat is inspired by Chocolate Pi's Salted Caramel signature dessert. A caramel coffee salt scrub, containing caffeine and Arabica bean extract, energizes, exfoliates and soothes dead, dry skin, while fighting wrinkles and free-radical damage. A steaming butter brulee hydration wrap and Sweet Cream Body Milk massage made with sweet almond, jojoba, avocado and sesame oils precedes the sweetest ending ever, a sampling of Chocolate Pi's famous salted caramel chocolate.

Add a delicious dark chocolate meltdown mask to nourish skin with CoQ10 enzymes and help fight signs of aging
